Early help for  
children with disabilities

# AUTISM

**TOGETHER WE CAN MAKE A DIFFERENCE**

It is often difficult to know what service is right for your child and family. At EarlyEd, we recognise that you know your child best so choose a service that will match your child and family needs.

## *Why choose EarlyEd services?*

**All your intervention needs supported by one service.**

All staff are trained in specific autism transdisciplinary approaches. EarlyEd is a team of **early intervention specialists** that includes special educators, speech pathologists, occupational therapists, behaviour specialists, physiotherapists and family support workers.

The team at EarlyEd have been offering services using the recommended NDIS best practices in early intervention services for many years.

At EarlyEd we:

- are responsive to each child's individual needs
- consider the needs of your whole family
- offer services where you need them
- identify achievable goals to help with social communication, interactions, repetitive and challenging behaviours, strength based learning and special interests.

*EarlyEd: Experts in  
the NDIS Key Worker  
and Transdisciplinary  
services model*
