

HAND SKILLS HOLIDAY GROUP FOR PRESCHOOLERS & SCHOOL AGED CHILDREN

July 2019

3 Day School Holidays Program - North Sydney

BUILD OUR OWN CITY!! We are going to build a cityscape together over the 3 days of the Hand Skills program while supporting your child's individual fine motor skills. We will be developing hand skills through the use of scissors, pencils and other equipment as the group plans and builds their city.

Does your child have difficulty using their hands for tasks such as writing, cutting and self-help skills?

Does your child:

- Tire easily when writing or cutting?
- Have trouble with dressing for example with buttons or zippers?
- Find it difficult to concentrate and maintain attention?
- Need help to open and close lunch boxes and drink bottles?
- Have poor motor planning skills?
- Appear uncoordinated or clumsy?

Developing hand skills is especially important for children about to start school or just starting school. The Hand Skills group involves a range of gross and fine motor activities, which are planned to support your child's individual needs.

The program includes:

- One individual goal setting session (1hr)
**Home visits will incur a travel cost*

- Three group sessions (1.5hrs each)
- Experienced early intervention staff, including occupational therapists & special educators will work with your family to develop practical strategies to use in everyday situations to support your child.

Early intervention for
children with disability
