EarlyEd's speech pathologists have been delivering Hanen® intensive, individualised speech language parent & child programs for many years.

Are one of these parent training programs suitable for you and your child?

It Takes Two To Talk® Supporting young children, 18 months to 5 years old, with delayed language.

More Than Words® Supporting children up to the age of 5 years with a diagnosis of either autism or a social communication disorder.

TalkAbility® Supporting young children (aged 3-8) with Autism Spectrum Disorder or a Social-Communication Difficulty.
