EarlyEd has been delivering Hanen[®] intensive, individualised speech / language programs for many years.

Wanting intensive Speech Pathology? Does this program meet your child's needs. All you need is a computer or tablet! Book in now for this next series.

The **TalkAbility[®]** program is designed for parents of verbal children on the Autism Spectrum. Verbal children with Autism Spectrum Disorder or a Social-Communication Disorder often face special communication challenges and may find it difficult to:

- Have conversations with others.
- Play with children their own age.
- Talk about things that interest someone else.
- Change a routine without becoming frustrated.

If you've noticed more than one of these difficulties in your child, the TalkAbility[®] program can help. Specifically designed for parents of verbal children ages 3-8 with social communication difficulties, the TalkAbility[®] program teaches parents practical ways to help their child learn people skills.

The program consists of:

- 9 online parent training sessions in small, personalised groups.
- 1 individual pre-program consultation for you and your child.
- 3 individual video feedback sessions for you and your child.

Program dates:

13 sessions commencing before the 21st Feb 2022 with an individual session.

9 online parent training sessions – Mondays 12pm to 2:30pm, on the following dates: February 21, 28, March 14, 21, 28, May 16, 23, 30, June 13.

Dates for the 4 individual sessions to be organised separately.
