

Get to know what school is like.

Ready to Learn Together

Children will feel more comfortable and safe if they are used to the school environment before they start.

Together supporting children... Starting early!

Book into your local school's orientation / information sessions and help your children experience what school is like.

This will help your child get used to:

- playing in the playground,
- joining in classroom activities,
- having a snack on the silver benches,
- managing stairs,
- using the toilets,
- finding the canteen,
- drinking from a bubbler,

and get to know the teachers.

HELP YOUR CHILD BE READY TO LEARN

This resource has been developed by teachers and therapists of EarlyEd in partnership with the community and has been funded through a Multicultural NSW Innovation Grant.
