

# Is your child starting school soon?

## Ready to Learn Together

### Here are some tips to get ready.

Together supporting children... Starting early!

*Children who are independent and can look after themselves when they start school are ready to learn.*

## PACKING A SCHOOL BAG IS NOT SO EASY.

Packing a school bag and zipping it up is hard to do, especially when it is hanging on a hook or full of things. Help a child learn by practising:

- Find the easiest way to zip it up. Is it when it is hanging on the hook or sitting on the ground?
- Give your child these steps to say to themselves when zipping up the bag:
  - Push all your things inside.
  - Hold the side down with one hand.
  - Use the other hand to slowly pull the zip up and over.
