

LEARN to play PLAY to learn

Help your child learn through play

1 Choose a toy based on your child's interests

2 Make adjustments to support play

- Play that is “just right”
Not too easy. Not too hard

The environment

- noise, lights, clutter
- people - number, where they are, what they are doing

Help provided

- how much, what help, when

Physical demands

- child's position (sitting, standing)
- toy's position

Communication

- talk, instruction
